

vLight

```
graph BT; cLightSpot[cLightSpot] -.->|mpLight| vLight[vLight]
```

The diagram illustrates a relationship between two classes. At the top is a white rectangular box labeled 'vLight'. At the bottom is a gray rectangular box labeled 'cLightSpot'. A dashed purple arrow points from the 'cLightSpot' box up to the 'vLight' box. To the right of the arrow, the text 'mpLight' is written.
